# **GASOLINE PRESSURE WASHER HSP-3504-3MGH**

**AVAILABLE FOR  
RENT OR SALE**

[www.atsequipment.com](http://www.atsequipment.com)

**CW PREMIUM SERIES 5000 PSI COLD WATER**

- High quality fuel filter/water separator ensures clean fuel supply
- Energy efficient top-fired powder coated heat exchanger designed for convenient troubleshooting and easy maintenance
- Reinforced powder coated steel tube frame with center balanced lifting hook
- Easy coil drain helps prevent freezing in cold weather
- The HSP series is designed with a patented electro magnetic firing system, which means there is no need for a 12V battery, generator, blower motor and alternator therefore, making these units especially maintenance friendly.

<b>Water Pressure</b>	<b>3,500 psi</b>
