FLOOR GRINDER (DUAL DISC)

FEATURES

- **Magna-Trap® Slide-On Tooling:** Eliminates the need for wooden wedges, allowing for quick and easy accessory changes.
- **Exclusive Leveling System:** Enables precise height adjustments for level grinding, enhancing efficiency and accessory lifespan.
- **Velcro Dust Shroud:** Heavy-duty shroud adjusts to accessory height, improving dust containment.
- **Laser-Cut Weight Tray:** Accommodates up to 80 lbs of additional weight for increased grinding pressure.
- **Counter-Rotating Discs:** Prevent machine from pulling side to side, offering greater operator control.
