FULL-ROTATING CRAWLER CARRIER

The KATO IC110R is a full-rotating, 11-ton payload capacity crawler carrier equipped with a 256-hp Cummins B6.7 engine. Designed for rugged terrain and tight spaces, it features 360-degree rotation, a 24,250 lb payload capacity, and high-traction rubber crawlers for low ground pressure.

Key Specifications

Engine:	Cummins B6.7 diesel, 256hp
Payload Capacity:	24,250 lbs
Operating Weight:	36,619 lbs
Dimensions:	18' 4" x 8' 9" x 8' 10"
Vessel Capacity:	8 cubic yards
Ground Pressure (Loaded):	6.17 psi
Travel Speed:	5.0 mph (low) / 7.5 mph (high)
Rotation:	360-degree continuous

Key Features

Performance:	20-degree gradeability and 65-degree dump angle
Cabin:	ROPS/TOPS enclosed cabin with A/C, heating, and a 2-step slide seat
Operation:	Joystick controls for travel and rotation
Structure:	Low/narrow design for tight spaces with a 24" ground clearance
Safety:	Rear/side camera and overload alert
