HONDA GENERATORS

EB5000

Portable Gas Generator

This generator provides up to 5000 watts of regulated power. Standard features include Steel Fuel Tank with 4-step filter, automatic voltage regulator, Auto Throttle, G.F.C.I. receptacle and 120/240V operation. Design for daily job site use, the full frame protection, standard bale hook, and 2 Wheel kit is the #1 choice of commercial users. The voltage selection switch allows for total generator output to be available through each of the 120-volt outlet for powering electric motors with large starting requirements (Output is limited to the rating of each receptacle).
